

# ***Regional Economic Trends for St. Joseph County***

**AUGUST 2022**

# ST. JOSEPH COUNTY

**The Trend:** St. Joseph County lost 138 jobs from Q3 2021 to Q4 2021. Between April and May, the unemployment rate, labor force participation rate, and employment-to-population ratio all increased. This is likely a sign that some individuals are reentering the labor force and finding work, while others are still looking. Job postings were lower in May than in April because of a methodology change in Labor Insight from Burning Glass Technologies, a database of job-posting information. Registered nurse was the most in-demand position.

## COUNTY UPDATE

The labor force participation rate was 60.0% in May. This is a 1.2 percentage point increase from the previous month.

The employment-to-population ratio was 57.6% in May. This is a 0.8 percentage point increase from the previous month.

The unemployment rate was 4.1% in May. This is a 0.7 percentage point increase from the previous month.

The total labor force saw an increase of 584 people from April to May. The number of unemployed people increased by 214, and the number of employed people increased by 370.

Total employment decreased by 0.8% from Q3 2021 to Q4 2021.

There were 622 job postings in May, an increase of 18.5% from April.

# KEY ECONOMIC INDICATORS

## About the Upjohn Institute

The W.E. Upjohn Unemployment Trustee Corporation was incorporated on October 24, 1932, as a Michigan 501(c)(3) nonprofit corporation, and is doing business as the W.E. Upjohn Institute for Employment Research. The W.E. Upjohn Institute for Employment Research has been conducting economic research and consultation for 75 years, since its founding in 1945.

The Upjohn Institute is governed by a Board of Trustees, which employs a President who is responsible for the overall operation of the Institute. The President of the Upjohn Institute is Dr. Michael Horrigan.

The Upjohn Institute currently employs 104 individuals. Upjohn's research and consultation program is conducted by a resident staff of professional social scientists, 12 of whom are PhD-level economists (senior staff). Senior staff is supported by a staff of research analysts and additional support staff. Upjohn also administers the federal and state employment programs for its four-county area through the local Workforce Investment Board. Upjohn also publishes books on economic development, workforce development, and other employment-related topics.

The PhD-level economists have more than 175 years of collective experience, conducting research on a broad variety of economic and employment topics. Their experience includes, but is not limited to, employment program evaluation, labor market dynamics, labor-management relations, employment and training programs, economic and workforce development, income replacement policy, worker adjustment, the role of education in labor markets, employment and compensation, disability, international comparison of labor adjustment policies, site selection experience, and state, regional, and local economic analysis.

---

## About the Regional Team

The Upjohn Institute also has a Regional Economic Planning Services team of specialists who provide economic insights and analysis regionally and statewide in Michigan, in other individual states, and nationally. The team has experience in:

- Economic impact analysis
- Fiscal/cost-benefit impact analysis
- Labor market analysis
- Facilitating and conducting effective one-on-one interviews, focus groups, workshops, and charrette sessions in a diverse array of environments
- Economic and workforce development and education strategies
- GIS mapping abilities
- Rural and urban land use and economic development planning services
- Regional data analysis
